

# ASIS Foundation Virtual Fitness Challenge

The **ASIS Foundation** invites you to be part of our fourth annual Virtual Fitness Challenge! This exciting event not only helps raise vital funds for scholarships and research but also promotes health and wellness within the security profession.

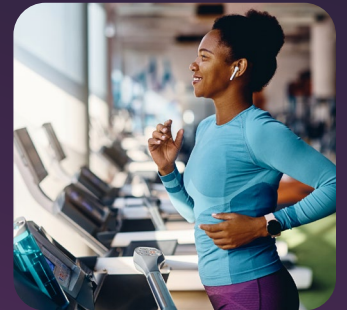

Join your security colleagues around the world and focus on your fitness while supporting your ASIS Foundation. Run, bike, swim or walk, and track your activity to help us collectively reach our 34,000-kilometer goal. Set your personal fitness goal, join a team, start your own team or participate individually then challenge your colleagues to join you.

**Foster goodwill within your community  
for supporting security professionals.**

Become a sponsor of the **2024 ASIS Foundation Virtual Fitness Challenge.**

Confirm your sponsorship before **1 June.** Event begins **3 June.**
